**Give your home the designer touch you've always dreamed of, with high-spec products from a local company.**

Tu Mewn is the place to go for all your kitchen, bathroom and bedroom needs. The husband and wife team Huw & Emma Williams received the North West Retailer of the Year in May 2007, from their valued supplier William Ball - an exclusive furniture manufacturer. The award proves just how well the store has done in just two years after beating competition from around 300 stores from all over the North West, including Liverpool and Manchester.

The couple decided to open Tu Mewn in August 2005 as a completely new venture after recognising what they felt was a gap in the market for high quality products that give your home that little extra touch - along with a friendly and personal service.

Tu Mewn provides an excellent variety of luxury kitchen, bathroom and bedroom products, with something to suit everyone's taste and budget, along with an experienced design and installation service. Tu Mewn offers a selection of high quality William Ball bedrooms and kitchens and their exclusive fitted furniture provides solid units giving you a fantastic finish with long-lasting results.

With the choice of appliances from top manufacturers, including Miele, you'll be spoilt for choice at Tu Mewn. There are a range of quality worktops available, such as granite, in addition to solid Corian surfaces that can be moulded ensuring your surfaces are joint-free, and even the sink can be moulded into the surfaces for a modern sleek finish.

Tu Mewn also has laminate and wooden worksurfaces to ensure there's something for everyone. For your bathroom, Tu Mewn is an exclusive supplier of Villeroy and Boch products, including whirlpool baths, stunning Utopia bathroom furniture, digital showers from Mira Magna and Aqata shower enclosures, which are both at the forefront of shower trends. They also have superb Aquavision TVs that are not affected by steam or water, plus Bisque radiators - great radiator designers of 'hot spring' and 'hot hoop' which are fantastic additions to enhance any bathroom.

**“We are very pleased with the finish product”**

*Mr & Mrs Jones • Caernarfon*

If it's just accessories you're after then there is plenty to choose from, plus Tu Mewn have a great selection of tiles such as natural stone, ceramic, slate, glass, mosaic and porcelain - the choice is yours. In addition to the fantastic range of quality products, Tu Mewn provide an excellent design and installation service, with Huw overseeing the whole process from start to finish.

**“From start to finish it has been a pleasure dealing with Tu Mewn - your professionalism and customer service has been exemplary”**

*Mr & Mrs Watson • Caernarfon*

Your room is measured, then Pat Humphreys, who also works at Tu Mewn, and Emma Williams both have plenty of knowledge and training in what will look fabulous in your home, as well as being practical for your everyday needs.

So, you can spend as much time as you need deciding on the perfect products and design for your kitchen, bedroom or bathroom. Once you've decided on the style the Computer Aided Design system (CAD) can show you in detail what your room will look like when finished, so if you want to make any changes it's easy to do so. Huw and his team of experienced fitters then get to work and, if any electrical, plumbing or tiling needs doing, Huw will call in the right experts for the job, so you can sit back and relax, enjoying the complete service offered by Tu Mewn. In the showroom there are seven working kitchens, so you can test the ovens, hobs and dishwashers. There is also one bedroom display, in addition to five bathroom displays with a working whirlpool bath as well as a Aquavision TV, and a shower with body jet system from Hansgrohe.
